

## S U M M A R Y

**F.O.R. NOW! For a Legacy** is a Faith Journey to reach out to our church and community through financial gifts while expanding our ministries through additional needed space.

**Background:** In just 8 years time, God has blessed the Fellowship of the Rockies with being the largest Protestant church in the southwest part of Colorado Springs. Currently, we've reached capacity in several key areas of our current facilities and God continues to bless us with more people seeking to be a part of Fellowship of the Rockies. The F.O.R. NOW! Capital Stewardship Campaign allows us to remain in the current location and make significant upgrades, retire debt on adjacent property and enhance and expand the church facility to support God's Vision for Ministry. At the present rate of growth, our situation clearly called for immediate action!

**The Goal:** To seek God's will, committing to give sacrificially over and above our regular giving for three+ years, while fulfilling Fellowship of the Rockies' mission/purpose statement: *We exist to lead individuals into a life changing relationship with Jesus Christ while being embraced by a community of believers.*

**The Challenge:** To provide a functioning, appealing and accessible facility in which to carry out the vision God has given to the leadership of F.O.R. by way of much needed expanding, upgrading and facility improvements.

**The Proposal:** A \$2.25 Million Capital Stewardship Campaign. The construction portion is not to exceed \$1.75 million and the debt retirement on the homes purchased in the fall of 2005 is \$500,000. Our intent is to have everything in place to begin construction in the spring of 2007. We anticipate having the project completed 8 to 12 months from the start date.

**Our Part:** Pray and seek God and His will, fulfilling that which He has challenged us to do, faithfully and sacrificially. It is our opportunity to prayerfully meet the growing needs in our church family and those in the community we have not yet reached, and create a legacy for future generations that will follow.

**Conclusion:** **F.O.R. NOW!**, our Capital Stewardship Campaign, is a defining moment that will launch us into God's full destiny and calling. **F.O.R. NOW!** is more than just raising funds and building buildings, it's about raising our faith and continuing to build authentic relationships for eternity.
